

THE RIGHT OF THE PEOPLE TO KEEP AND BEAR ARMS SHALL NOT BE INFRINGED!

THE RIGHT TO OWN A FIREARM IS A STATEMENT ABOUT FREEDOM.

America's Founding Fathers understood that an armed people are a free people.

*** "...to disarm the people; that it was the best and most effective way to enslave them..." George Mason, 3 Elliot Debates p386

*** "And that the said Constitution be never construed to authorize Congress to prevent the people of the united States, who are peaceable citizens, from keeping their own arms..." Samuel Adams, August 20, 1789

Direct from today's headlines comes the story of average, peaceful Americans whose faith in God and their God-given Rights are being attacked by a governmental regime that is in turn controlled by a cabal of globalist elites - whose allegiance is not to the people, but to themselves... The government that we instituted to safeguard our God-given rights is now being used to enslave us all!! This is the story of Americans who saw the depredations of Ruby Ridge & Waco, government-planned terror attacks in Oklahoma City, New York City, and many other places across the nation... and more recently, the economic act of terrorism that took place during September 2008; the deliberate crash of the Wall Street markets and multi-trillion dollar "bailout" scam to enrich bankers at the expense of the people. The "bailout"

enslaves the entire population in perpetuity, forever. It is the story of patriots who understand what is happening - and are not willing to let freedom slip away unchallenged.... It is the story of parasitic federal officials who tell the people that it is time **"...for Americans to get used to a lessening of our freedoms..."** [Rep. Kay Bailey Hutchinson, R-TX, 1995] They have systematically stripped America of its wealth, liberty & future. We say: **"No more!" ...and we mean it!!**

As time draws short, watch for these signs, as we predicted 10 years ago!

- * **Hate propaganda against people who call themselves patriots and stand for the Constitution**
 - * **Confiscatory taxes and other financial penalties for non-compliance**
 - * **Arbitrary searches & seizures, National ID cards and other police-state measures**
 - * **Custody without trial, widespread denial of due process, restrictions on travel inside the USA**
 - * **Relocation to emergency "assembly areas", then on to forced-labor concentration camps, or worse...**
- And other, equally documented examples of outrages that are already being inflicted upon us!**
